79:21-80:2	It is undisputed that the deponent was not involved in any way in the Parabe incident. The line of questioning concerning military instructing a pilot where to fly relates to Opia/Ikenyan and will mislead and confuse the jury and is	As Chief Pilot, witness has personal knowledge of types of information to be reported to him. On its face, the question and answer includes the period from the "beginning of May 1998" and thus squarely deals with Parabe.

92:23-93:3	Testimony about reconnaissance is misleading and prejudicial and does not relate to Parabe and is an attempt to backdoor Opia and Ikenyan evidence. FRE 401-403. If the Court is going to allow plaintiffs to introduce evidence of security arrangements during the post-Parabe time period, then defendants should be permitted to introduce evidence of the ethnic violence that necessitated such security. But such evidence has been	There is no reference whatsoever to Opia and Ikenyan. Witness' testimony that CNL pilots would fly reconnaissance flights with GSF personnel over any community giving CNL "problems" is relevant to show common control, agency, notice and ratification. He has personal knowledge based on his role as Chief Pilot of approximately one such flight a day. Sufficiently establishes personal knowledge to testify in this regard. Scott Davis and other CNL personnel undertook one such

122:21-123:8	Testimony that the deponent once saw a Seatruck carrying military in Abiteye (123:9-14) (located outside of Ilajeland) is irrelevant and misleading. Seatrucks were not involved in Parabe. FRE 401-403. 	Objection misstates testimony of witness -- while he only personally saw the military on one occasion on Sea trucks, he has more general recall of their practices in this regard. Further, the Ilaje were transported from Parabe to Escravos, where they were transported to a CNL leased Seatruck and taken to Warri where they were beaten and tortured.			
124:19-25	Testimony concerning the commandeering of helicopters relates solely to Opia/Ikenyan	Testimony is relevant to cooperative role that CNL played with GSF and active role CNL played in

126:25-127:3	Misleading and prejudicial. The deponent is not referring to Parabe because he had no involvement in the Parabe incident and the time period is vague. Moreover, as the following testimony makes clear, the military removed the magazines from their weapons. FRB 401-403. 	The question is all encompassing regarding time: "Did you ever..." The testimony is not misleading, as while the GSF may have removed magazines from weapon, they could reload in "less than a second." See below, 128:8 - 129:20.

128:8-129:2	Speculation and incomplete hypothetical. Testimony is misleading and prejudicial because the jury will infer that the military loaded their weapons when in the helicopter and there has been no trial testimony that shots were fired prior to landing . The deponent has no personal knowledge of	Defendants' summary of evidence is inaccurate. Several trial witnesses, including Johnson Boyo, have stated the defendants' agents, the GSF, commenced shooting as they jumped from helicopter.
